

3clipz3's 24 Trading Rules

Rule #1

Trust & Trade Breakouts

Rule #2

There is no fatigue in Break-outs, price will go up or down without retracing if it wants to.

Rule #4

Never move a stop-loss, take losses like a computer

Rule #5

Avoid other trader trades

Rule #6

No scalping spreads higher than +3

Rule #7

Exit error trades immediately.

Rule #8

Always take profit when targets are hit like a computer.

Rule #9

Break-out trade fails no re-entry is allowed at that trigger.

Rule #10

No trades outside of system, triggers or plan. If taken must be with separate account.

Rule #11

Don't enter trades on simply what you see unless your indicators say to do so.

Rule #12

Follow trading schedule

Rule #13

Daily review analysis projections from Dr. S. Sivaraman <http://blogs.fxstreet.com/marketreadings>

Rule #14

For scalps only, if profit target is .8 or .9 pips from target, take the profit.

Rule #15

Never risk losing more than 3% total account for any trade.

Rule #16

Cannot take Semafor scalp trades too near to break-out Semafor lines.

Rule #17

Once you are up 10% on the day in total on your accounts, you may continue to trade scalps, break-outs and reversals so long as a scalp doesn't go more than 1% of your gains, or you lose a break-out or reversal trade. Dr. Sivaraman trades are the only ones that are allowed to continue no matter what.

Rule #18

Only allowed to take one break-out in the direction of the doctor's prediction per day. The first semafor 6 line is the a direction of the forecast is the only valid play.
